

EIGHT PERSONS DIE IN EXPLOSION THAT WRECKED SCHOOL

Can of Nitroglycerin Fished from Creek by
School Children Explodes—Teacher and
Five Pupils Are Killed Instantly—Two
Die Few Hours Afterward—Many Injured

(By The Associated Press)
LAWRENCEVILLE, Ill., Feb. 7.—Eight persons are dead and another probably fatally injured as the result of the explosion of a can of nitroglycerin at Cross Roads school, two miles west of here, shortly after 12 o'clock today.

The dead are: Emmett Bunyan, 30 years old, the teacher.

The following are pupils: Raymond Groves, 9; Howard Lett, 7; Harold Lett, 11; Charles Walton, 5; Robert McCausland, 12; Elmer Mellet, 10; Richard Peters, 7.

Lester Groves, 11, a brother of Raymond Groves, is expected to die.

Several other children received minor injuries in the explosion which occurred when one of the boys attempted to cut the top from the can with an axe.

Six Killed Instantly.

Bunyan and five of the boys were killed instantly and the other two died several hours afterwards. The injured were taken to their homes and to hospitals in Vincennes, Ind.

Those whose injuries were slight, were the victims of flying glass, every window in the schoolhouse, a one-story frame structure, being demolished by the force of the explosion. The structure was otherwise undamaged.

The explosion was plainly heard by Lawrenceville and persons hurrying toward the school house were met by children rushing, screaming from the scene.

Neighbors living nearby were the first to reach the school and calls were immediately sent to Vincennes for ambulances to take the victims to hospitals for medical attention.

The explosion occurred about 75 feet from the school house. All of those killed were grouped about the can and the rest of the pupils were either in the school or playing in the yard behind it.

Fished Can From Creek.

The authorities were told that the boys, who were at play, had fished the can from a creek running by the school yard.

It is believed that the container had floated from a nitroglycerine magazine about three quarters of a mile away.

It was said that the practice is to empty the cans at the magazine afterwards destroying them, and it is believed that the container which blew up was one that held only a small amount of explosive and had been thrown in the creek.

The nitroglycerin is used extensively in "shooting" oil wells in the vicinity, it was said.

Authorities however, are planning to inquire further into the causes of the accident, it was stated tonight.

All the pupils who were killed were the children of farmers and oil men residing in the vicinity of Lawrenceville. Bunyan lived in the country near here.

LINDLEY ACTING AS UTILITY SECRETARY

Will Hold Position Pending Answer From Col. Frank L. Smith—Deny Will Hold Over For Present.

SPRINGFIELD, Ill., Feb. 7.—Cicero J. Lindley of Greenville, has been named temporary secretary of the state public utilities commission, pending the qualification or declaration of Congressman Frank L. Smith, named as chairman by Governor Small last week. The new commission in brief session late today suspended all pending rate cases until it is ready to take final action on them.

Appeals to the Sangamon county circuit court on twelve orders issued by the old Lowden commission last month following the resignation of Secretary R. Allen Stephens, has been made. These are orders signed by G. E. Doying, as temporary secretary.

Colonel Smith's decision on his appointment has not been known. He will be in Springfield within a week or ten days for a conference with Governor Small it was announced today.

Thomas E. Dempsey, Democratic member of the Lowden commission, will hold over until there is something definite on the Smith appointment.

NEW PLANET
IS DISCOVERED

CAMBRIDGE, Mass., Feb. 7.—Discovery of a planet believed to be an asteroid or minor planet was announced in a cablegram received at the Harvard College observatory from the central bureau for astronomical cablegrams at Brussels. Professor Tomasselli, of Barcelona, who made the discovery, gave the position in astronomical terms in a section of the heavens that would be between the constellations of Cancer and Leo. From the brief description Harvard astronomers inferred it was an asteroid and said the object was so faint that there was no hope of amateurs finding it with ordinary telescopes.

VALUE OF AIRCRAFT AGAINST WARSHIPS TO BE DETERMINED

Navy Invites Army to
Participate in Ex-
periments

WILL USE FORMER
GERMAN WAR SHIP

(By The Associated Press)

WASHINGTON, Feb. 7.—Participation by the war department in a series of experiments to determine the value of aircraft against major naval vessels was invited by Secretary Daniels today in a letter to Secretary Baker. The first of the tests will be conducted within the next ninety days, Mr. Daniels said and conditions approximately as closely as possible those of the battle will be simulated.

The captured German battleship, Ostfriesland, of 26,500 tons, probably will be used for the first experiment.

Representative Mondell of Wyoming, Republican floor leader, warned the House naval committee that unless expenditures for military establishments were cut down some of the larger nations of the world would be driven to bankruptcy.

U. S. Must Take Lead.

The United States should take the lead in disarmament, declared Mr. Mondell, adding:

"If an agreement is not reached for the limitation of armaments and war like expenditures in the near future, the fault will be that of America as in former days the fault was that of Germany."

Representative Towner, Iowa, followed Mr. Mondell before the committee. He also urged a disarmament agreement but advised continuation of the present building program until it was reached and no action by this country except by international agreement.

Secretary Daniels in making public his letter to Secretary Baker, pointed out that by allied agreement the United States was obligated to destroy the Ostfriesland and other former German naval vessels given this country as soon as experiments now under way were concluded. He could think of no more fitting or useful method of destroying them, he said, than by using them as test ships for aviation bombing experiments. He intimated that the old battleship Iowa, already fitted with radio control apparatus, would be used for a similar purpose later.

The Ostfriesland was one of the more modern battleships of the former Kaiser's navy, mounting 12 inch guns. The vessel is fitted with a system of bulkheads and water tight compartments and should, in the opinion of naval officers, provide a very good demonstration of what damage might be expected from aerial bombs, exploding on a modern major ship of war.

The House naval committee will meet in executive session tomorrow to discuss authorizing the immediate construction of two huge airplane carriers for the navy. It is estimated that the vessels would cost from \$21,000,000 to \$28,000,000 each, depending on size and would take thirty months to build. Admiral Countz said the ships should be capable of 32 to 35 knots an hour speed and should house 80 planes. One should be stationed in each ocean, he declared.

Many in Dire
Need in Ireland

CHICAGO, Feb. 7.—More than 200,000 persons in Ireland are in dire want and damage in the devastated areas is estimated at \$200,000,000 according to reports made tonight to the American committee for relief in Ireland, recently organized to conduct a non-partisan campaign to alleviate suffering in Ireland.

Reports made to the committee said that 20,000 persons in the Belfast area and 30,000 in and around Cork were destitute.

SENATE SUSTAINS
WILSON'S VETO

WASHINGTON, Feb. 7.—President Wilson's veto of a bill to give title of 76 acres of swamp land in Montana to the Milk River Valley Gun Club of Montana, was sustained by the Senate late today by a vote of 47 to 9.

In his return message President Wilson said that the land should be made a public game preserve rather than turned over to a private shooting club.

TWELVE PINTS OF
WHISKEY EXPENSIVE

MILWAUKEE, Wis., Feb. 7.—Joseph Cohen of Des Moines, Ia., was late today sentenced to the Milwaukee house of correction for one year and fined \$500 by Federal Judge F. A. Geiger for obtaining twelve pints of whiskey on a forged physician's prescription.

The imprisonment term is the heaviest yet imposed for violation of the Volstead act in this court.

WASHINGTON, Feb. 7.—Establishment of an ocean rate on cereals in bags similar to the differential on wheat flour in bags of five cents a hundred pounds over the rate for grain was announced tonight by the shipping board.

MONTREAL, Feb. 7.—Action to protect Canadian agriculture will be taken as soon as it is learned what tariff the United States decides to adopt, Dr. S. F. Tolmie, Dominion minister of agriculture said today.

PHOENIX, Ariz., Feb. 7.—Prohibition of the use of tobacco in public places was contained in a bill introduced in the senate of the Arizona legislature today by Senator J. H. Lines of Graham county. It would provide fines of \$5 to \$100 for smoking or chewing tobacco "in any dining room, cafe, ice cream parlor, dancing hall, theater, public hotel lobby other than a special smoking room, passenger railway car other than a smoking car or in any other room or apartment set apart for public use."

ST. PAUL, Minn., Feb. 7.—A bill to make it a felony to bet on the outcome of a baseball game and another measure, making a felony to give or offer a baseball player anything except his salary to win or lose a game were offered in the Minnesota house today and referred to a committee.

PORT TOWNSEND, Wash., Feb. 7.—A relief party with food and clothing for 100 families, made destitute and homeless by a hurricane swept the west slope of the Olympic peninsula last week, departed today. The party was equipped to cut a way thru fallen trees on the single highway that connects the devastated region with this city.

DOUGLAS, Ariz., Feb. 7.—Lieutenant Alexander Pearson, winner of the transcontinental air race last year left Camp Harry J. Jones near here at 10:30 o'clock this morning for Pablo Beach, near Jacksonville, Fla., from where he will start another transcontinental flight February 22.

BISMARCK, N. D., Feb. 7.—The North Dakota house late refused, 57 to 54, to accept the resignation of Representative S. W. Johnson, Non-Partisan, one of three minority members of the house committee of nine investigating the recent audit of state-owned industries, who resigned today.

Will Give the Country
Honest Business
Administration

MORE ATTENTION
TO POLITICS

(By The Associated Press)

TRENTON, N. J., Feb. 7.—Asserting that the nation could have vision with hope and assurance that every step of the Harding administration would be taken to bring back the limitations of the constitution in times of peace, Republican National Chairman Will H. Hays, addressing the New Jersey Press association here declared that President-elect Harding possessed all the vital qualities for handling the problems in the time just ahead.

Chairman Hays said he believed the new administration would make certain the following:

"An honest and economical business administration.

"Immediate execution of a plan for the reduction and equalization of taxes with a repeal of initiative-killing levies.

The spreading of the war debt over a greater number of years, development of better relations between labor and capital with justice to both and with justice to the public, the third side of the triangle which must not be forgotten, steps taken to bring the government back to the limitations of the constitution in times of peace with no undue federalization of industries and activities, with federal regulation but not federal ownership. Prevention of the free speed of socialism and setting the nation's feet firmly on the path of progress.

The measurement of the administration's steps forward by the new needs of the nation, "with its eyes always ahead, but with its feet always upon solid ground."

"The real business of political parties," said Mr. Hays, "is to see which can go the farthest in developing plans and executing purposes for the welfare of the people and the glory of the nation. What we need in this country is not less politics but more attention to politics—the science of government."

"The task ahead will measure the brain and heart of an American. The guidance is in good hands."

Former Governor E. C. Stokes, Republican, state chairman in a speech addressed the national chairman as "Mr. Postmaster General," and this was greeted with applause.

RIVAL SHIPPING
COMPANIES CLASH

Fall Out Over Allocation of Government-Owned Vessels—Board Will Take Matter Under Consideration.

(By The Associated Press)

WASHINGTON, Feb. 7.—Rival shipping companies operating vessels between the Atlantic and Pacific coasts, clashed today before the shipping board over the question of the allocation of government-owned tonnage for service in competition with privately owned vessels.

Haris Livermore, president of the United States lines operating company for both the American and the Hawaiian lines, controlled by the Harriman interests protested against the operation of government tonnage in the international trade by the North Atlantic and Western Steamship company on the ground that such a policy placed a hardship on private owners by putting them in competition with their own government.

Chairman Benson announced the board would take the question of allocation of government tonnage under consideration.

FREED OF ALLEGED
MURDER CHARGE

(By The Associated Press)

PHILADELPHIA, Feb. 7.—Charles Edwin King, Jr., of Bristol, Pa., was freed of alleged complicity in the death of Arline May Stout here today by Deputy Coroner Sellers, who announced that the 17-year-old girl died of "a gunshot wound, inflicted in an unknown manner," in instructing the jury as to a verdict.

King's arrest followed detective work by the girl's father, Freeman M. Stout who also declared that a grave suspicion of his daughter made him suspect King, who was her suitor.

CONFESSED TO MAIL
POUCH ROBBERY

OMAHA, Neb., Feb. 7.—A prisoner, known here as "Benjamin Puller," who confessed last Saturday the police say to the theft of checks from a mail pouch at the Michigan Central depot, at Kalamazoo, Mich., last fall, was taken into custody today by a deputy United States marshal, who said he would be returned to Michigan.

The prisoner is held on a charge of forging a government check. He gave his name as Fulbright and home at Toledo, O., but admitted, the police say, that neither statement was correct.

THIRTEEN MILLIONS APPROPRIATED FOR SOLDIERS HOSPITALS

Passes by a Rising Vote—House Also Passes
Over \$100,000,000 Road Bill and Defeats
the Winslow Measure—The Hospital
Measure Provides for Regional Buildings

(By The Associated Press)

WASHINGTON, Feb. 7.—Two big relief measures were put thru the house in a hurry today and a third was beaten by a slight margin.

Called up under suspension of rules, a proceeding which required a two thirds vote on passage the thirteen million dollar soldier hospital bill was passed by a rising vote and the one hundred million dollar road fund appropriation won with votes to spare.

The big upset of the day was the defeat of the Winslow bill to permit partial payments to railroads under the guaranty section of the transportation act.

This defeat, however, was only temporary for after failing to receive the necessary two thirds vote the house ruled, as expected, reported a rule which provides for its consideration tomorrow immediately after the house convenes. The vote was 220 to 211, which lineup, if maintained tomorrow easily will give the measure the simple majority needed.

Passage by the house of the bill appropriating funds for the hospitalization of disabled service men was allowed by the adoption of similar legislation by the senate. The latter went the house one better, however, making a total appropriation of \$18,600,000 available thru amendments attacked on the sundry civil bill.

Provides for Five Hospitals.

The hospital bill passed by the house provides for creation of five regional hospitals for sick and disabled soldiers at a cost of \$2,500,000 each and \$500,000 for conversion into hospitals of buildings at Forta Wadwa, Wash., and McKean, Wyoming.

One of the senate's hospital amendments to the sundry civil bill would appropriate \$12,500,000 for five new hospitals, the location to be decided by the surgeon general of the public health service and the president and the other would provide \$100,000 for the care of disabled veterans thru improvements or new construction of public health service hospitals one of which is located in Chicago.

The bill passed by the house making an appropriation for good roads would permit expenditure of one hundred millions of dollars and was offered as a substitute for the McArthur bill which sought to appropriate that sum each year for the next five years.

WILL RE-ORGANIZE
RUBBER COMPANY

NEW YORK, Feb. 7.—The various creditors interested in the financial rehabilitation of the Good-year Tire & Rubber company have reached an agreement according to intimations received from financial quarters here today.

The proposed plan of reorganization was said to involve creation of a first mortgage bond and probably an issue of debenture bonds and first preferred stock.

It was understood new interests will be brought into the company to look after its financial readjustment and that several of the present high officials will retire from active management.

The definite financial plan probably will be made public in the next few days.

TARIFF MEASURE IS
PUT ON WAITING LIST

WASHINGTON, Feb. 7.—The Fordney emergency tariff bill was put further to the rear of the congressional legislative program by an arrangement of Republican Senate leaders to keep the tariff bill on the waiting list until the annual postoffice appropriation bill is passed.

The tariff measure was set aside temporarily for consideration of the sundry civil appropriation budget and it was planned to let the postoffice measure follow the sundry civil bill. The Republican managers, however, continued of the opinion that the tariff bill probably would reach a vote in the Senate late this week.

This is a very law abiding com-
munity as cities go, but there is
no denying that a motorcycle
traffic cop riding about the
streets these days serves as a very
helpful reminder of too often for-
gotten traffic regulations.

The Chicago Tribune is mak-
ing a stout fight in the endeavor
to impress upon the U. S. steel
corporation that this is the time
to change from two shifts to a
three shift day. There is some
very strong argument in favor of
this proposal but President Gary
and his associates are not much
given to taking advice from the
outside.

Opinion of tariff experts now
appearing before the Ways and
Means Committee of the House
appears to be that the 12 1-2 per
cent export duty that Germany
must pay under the allied repa-
ration demands will be a benefit
to the American manufacturer.
With the possible exception of
Japan, competition from Ger-
many is more to be feared than
from any other country, and the

restriction placed upon her ex-
ports by the allies will be addi-
tional protection to this country.

The story of a high powered
automobile dashing away in the
darkness with an escaped insane
hospital patient as a passenger
brings back memories of Mat-
thew and Harry Thaw. Perhaps
the alleged "abductors" also re-
membered the story or had pat-
ronized the film show of the kind
Chief Fitzmorris condemns.

It is said that Congressman
Esch of Wisconsin, who was de-
feated for re-election, may be ap-
pointed a member of the inter-
state commerce commission by
the next president. The congress-
man was probably defeated be-
cause of his railroad control bill.
So there would be something like
irony in his membership on the
board, with its supervision of
railroad traffic.

Sometimes objections are
brought against appointing
wealthy men to office, but gener-
ally speaking, this should not ap-
ply to cabinet members, since liv-
ing expenses in Washington are
more than they can receive in
salary. There is that other advan-
tage in appointing men of means.
The salary is no object to them
and they gain nothing if they do
not add to their own good names.

A. L. Bowen, who is soon to
enter upon his duties as manag-
ing editor of the State Journal,
is without doubt a valuable ac-
quisition for the long establish-
ed paper. Mr. Bowen was a good
newspaper man before he engaged
for a period of years in insti-
tution work, and now he could be
accounted a finished product.
Certainly his versatility and wide

experience will make the product
of his pen a feature for the State
Journal.

MARCH EXPOSITION
PLANS OUTLINED

Automobile Dealers Will Unite
With Merchants in Big Week's
Show.

The Jacksonville automobile
and general merchants' exhibi-
tion is scheduled for the days
from March 7 to 12th. The origi-
nal idea of an auto show has
been extended to include all
merchants and the plan is to have
a week's event here in Jackso-
ville which will be a credit to
the city and attract many vis-
itors. Members of the Auto-
mobile Dealers association met Sun-
day afternoon at the office of
Howard Zahn in the H-Z Auto
Bldg., where plans were outlined
and agreement reached with
John H. Wilkinson of St. Louis
to manage the event.

Every automobile dealer in the
city has agreed to cooperate and
a number of general merchants
have already signified their will-
ingness to join in the enterprise.
The spacious Auto Inn furnishes
a wonderful place for such an
event. No expense will be spared
in the matter of decorations and
all plans will be carried out on a
generous scale. The special
committee representing the Au-
tomotive association in the ar-
rangements includes L. R.
O'Donnell, Charles M. Strawn
and L. F. Deppa.

Mr. Wilkinson has had a great
deal of experience in affairs of
this kind and the automotive
men account that his coming is a
guarantee of a successful exhibi-
tion. There will be experts
from different automobile manu-
facturing plants here to show the
advantages of the different cars.
Then there will be demonstra-
tions for all the principal acces-
sories and the advantage of the
different tires will be explained
by experts.

Joy Bros., told Mr. Wilkinson
yesterday that experts represent-
ing the manufacturers of the
tires they sell will be here and
other dealers are expecting to
have similar representation.

A figure or letter missing

sometimes causes inconvenience.
Such was the case Sunday when
the figure seven in the price ad-
vertised in this paper by the
Smart Shoe Co., at which they
would sell a new satin slipper,
"fell down" in the "forms" and
the price appeared as 95c instead
of \$7.95. Smart Shoe Co., were
swamped with calls and phone

could only say "It was a mis-
print—we would like to sell at
95c, but we simply can't." The
error is regrettable and this cor-
rection and statement is due to
them and the public.

DR. RAWLINGS IS MAN
OF WIDE EXPERIENCE

New Head of State Public Health
Department Has Had Wide Med-
ical Experience—Has Degree of
Master of Science From Illinois
College.

Springfield, Ill., Feb. 7.—Dr.
Isaac Donaldson Rawlings, Gov-
ernor Small's new appointee for di-
rector of the state department of
public health succeeding Dr. C. St.
Clair Drake, is a man of wide
medical experience.

He is a graduate of Illinois Col-
lege at Jacksonville and of the
Northwestern Medical school. Fol-
lowing his graduation from the
medical college, Dr. Rawlings
went to Europe for two years,
taking post-graduate courses in
the universities of Vienna, Berlin,
London and Dublin. He attended
the International Medical Con-
gress at Rome in 1894, and the
excellent work he accomplished
abroad was recognized by Illinois
college and on his return to this
country the degree of master of
science was conferred upon him.

Later he was director of the
bacteriological laboratory of
Northwestern University Medical
school. In 1899 he entered the
employ of the Chicago department
of health as medical inspector. Be-
cause of his experience in stamp-
ing out an epidemic of smallpox at
Biggsville, Ill., in 1899, he was
appointed diagnostician and in the
fall of 1899 he was appointed resi-
dent medical superintendent of
the Chicago isolation hospital.

In 1901, Dr. Rawlings was pro-
moted, through a competitive ex-
amination, to the position of as-
sistant chief medical inspector of
Chicago. In 1914 he was promot-
ed to assistant chief of the bureau
of medical inspection and in 1918
to the position of principal as-
sistant chief of bureau of medical in-
spection.

During the influenza epidemic
in November, 1918, Dr. Rawlings
was appointed as a dollar-a-year
man with title of acting assistant
surgeon of the U. S. Public Health
Service. He is now completing
his 22nd year with the Chicago
Health Department.

Rev. W. R. Johnson Extended
Call to Return to Winchester
Baptist Church—Other News
from Winchester and Vicinity.

Winchester, Feb. 7.—Rev. W.
R. Johnson of Jacksonville filled
the pulpit at the Baptist church
Sunday morning. The members
have extended him a call to re-
turn as pastor of the church, but
the minister has not yet decided
whether or not he will accept the
call.

Frank Metzler of Denver, Colo.
arrived Sunday to visit his moth-
er, Mrs. Sarah Metzler.

The property of the late John
Hopper is to be sold at public
auction next Saturday.

Mr. Lucas of Blackburn Uni-
versity at Carlinville filled the
pulpit of the Presbyterian
church Sunday evening. Rev.
Gibbons, who underwent a surgi-
cal operation some weeks since,
is not yet able to return to his
duties.

Mrs. E. B. Waters and little
daughter, Mary Kate, left Mon-
day afternoon for a short visit
with relatives in White Hall.

Randolph Little is confined to
his home by illness.

Mrs. Ellen Ross held a public
sale of household goods Sat-
urday. A large crowd was in at-
tendance and everything sold
well. Mrs. Ross and daughter
expect to remain in Winchester
until after the close of the school
term.

Julius Oehler has purchased
the property of Mrs. Ellen Ross
and he and his family expect to
move in from the country soon.

The little son of Mr. and Mrs.
William Watt is ill at their
home on North Main street.

INCOME TAX FACTS

YOU SHOULD KNOW

"Ordinary and necessary expenses" in the conduct of a business are deductible from gross income in making an income-tax return for the year 1920.

What constitutes ordinary and necessary expenses, however, is a question that puzzles many taxpayers. Numerous inquiries have been received by the Bureau of Internal Revenue from automobile owners regarding purchase and upkeep of such vehicles and allowable deductions therefor. The purchase price of an automobile, even though the car is used wholly or partly in the business of the taxpayer, is not a deductible item because it represents a capital investment. If an automobile, such as a motor truck, is used exclusively for business purposes the cost of gasoline, repairs, and operations may be taken as a necessary expense. If an automobile is used one-half the time or one-third of the time for business purposes, the same fractional part of the cost of repairs, gasoline, and upkeep may be taken as a necessary expense. No deduction may be made, however, if the automobile is used solely for the pleasure or convenience of the taxpayer or his family.

"I employ a man to assist me in operating my farm and a woman to assist about the house," writes a farmer. "Is the compensation paid to each allowable as a deduction?"

Unquestionably as to the amount paid the man, but a line must be drawn as to the amount paid the woman. If her time is employed entirely in taking care of milk and cream produced for sale, in the production of butter, cheese, the care of milk cans and churns, or if her services are used entirely in the preparation and serving of the meals furnished the laborers and in caring for their rooms, the salary paid is an allowable deduction. If, however, she is employed to assist in caring for the farmer's own household, no deduction can be claimed, this being a personal or living expense.

A frequent inquiry from business men is whether salary paid a minor son or daughter as assistants in their business or trade may be claimed as a deduction. The answer is "no, unless the minor has been emancipated by his parents."

ASHLAND COUPLE SECRETLY MARRIED

Marriage of Miss Helen E. McCready and Jesse H. Douglas took place Jan. 30—Miss Ella Easton Leaves for Florida—Other Ashland Items.

Ashland, Feb. 7.—Friends of Miss Helen E. McCready and Jesse H. Douglas, two of Ashland's popular young people were surprised to hear of their marriage, after they had made a vain attempt to keep it a secret for a while.

The ceremony was performed by Rev. C. W. Andrews, pastor of the M. E. church on Thursday evening, Jan. 20.

Mr. Douglas is employed by the Becker Battery Service at Highland Park, Ill., where they will be at home to their many friends after April first.

Mr. and Mrs. Phil Price received a telegram announcing the arrival of a baby girl, Emma Jean at the home of their son, Harry, who lives at Brunswick, Mo.

Miss Helen Irvin of Springfield is visiting at the home of Mr. and Mrs. McGrange.

John Thomas Adkins, who is confined to his home with scarlet fever is doing nicely.

Mr. and Mrs. Julius Timian went to LaGrange Friday for a visit with the former's parents. They expect to visit Mr. and Mrs. Wyatt in Bloomington on their way home.

The Aid Society of the Christian church met with Mrs. C. C. Mitchell last Thursday afternoon. After the business session a social time was enjoyed. There were eleven members present and one visitor.

Miss Ella Easton, who has been employed as stenographer at the Boggs' grain office, has resigned and expects to leave today for Tampa, Fla., where she will be employed.

Mrs. J. N. McElvair of Girard came here to attend the funeral of her little nephew, James Ralph Thompson.

The funeral of Abram Conover was conducted at his home in Ashland, by Rev. J. A. Betcher, pastor of the M. E. church Friday afternoon.

He was born near Quincy, Ohio, but had lived 55 years in Illinois. He leaves to mourn his going his loving wife, and one son, Harry Franklin, and two grandchildren.

Roland Anderson, a student of the University of Illinois, is spending a few days with home folks.

F. S. Walbaum has gone to St. Petersburg, Fla. Mrs. Walbaum and son Lee have been enjoying the sunny-south for the past two months.

Harry Conover of Denver, Colo., came Thursday to attend the funeral of his father.

Elmer Johnson was a Virginia visitor yesterday.

The last number of the lecture course was given last evening to a large and appreciation audience. The attraction was the Ben Hur singers and players.

Dave Cromwell returned home from Springfield where he had been visiting for several days.

Frank Cox is quite ill with pneumonia.

H. D. Way of Ashland is getting his show mare "Edna Mayo," ready for the races this season. He is jogging her on the road every day and will take her to the track in May. "Edna Mayo" was first in the show ring at Rushville, Galesburg, Greenup, Mt. Vernon and the Carrollton fairs where she beat the mares that won first and second at the Illinois state fair.

CROUP

The quick gasping cough of croup is something that every mother dreads. It comes in the dead of night when medical assistance is hard to obtain. That is why Glessco has been a household article in millions of homes for forty years. It gives immediate relief. In fact Glessco is the only preparation which can give relief from croup in fifteen minutes without vomiting.

Careful mothers everywhere depend on Glessco. It does not upset the delicate child's stomach, and carries the offending substances right out of the system.

All druggists sell Glessco in 50c bottles. It is worth ten times as much in time of need.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads—brush the face with the sponge and you will be surprised how the blackheads have disappeared. By blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only cause irritation, make large pores, and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anybody troubled with these unsightly blemishes should certainly try this simple method.

WASHINGTON, Feb. 7.—Democrats who "for purposes of boosting some particular presidential candidate," are trying to force the resignation of Chair-

man George White, of the Democratic National committee should be "squelched," Champ-Clark, Democratic leader in the house of representatives declared today in a formal statement. Mr. Clark was replying to the statement issued last night on behalf of 49 members of the national committee asking for a meeting of the full committee at St. Louis, March 1, to organize "the forces of progress."

The former speaker of the house said Mr. White made an "uphill fight last year and did it well," and that he should be allowed to full out his term of four years. Representative Flood, chairman of the Democratic congressional committee also issued a statement opposing an early meeting of the committee. He said the issues of the 1922 campaign would be made by the Democrats in the senate and house and that while Mr. White might desire to resign, he could render service to the entire Democratic party by remaining as chairman.

"If the Republicans propose legislation in the interest of the country," said Mr. Flood, "we will support it earnestly. Only when such proposed legislation is not in the interest of the country will we oppose it, and the differences between the two parties will constitute the issues in 1922 and 1924."

This view was endorsed by Representative Clark.

Will Not Retire.

Marletta, Ohio, Feb. 7.—Chairman George White, of the Democratic National committee, said he had no intention of retiring, and he would not leave for New York and Washington to take up the interest of forty-nine members of the committee for a meeting March 1.

"Conditions have changed since last fall when I said I might retire," said Mr. White. "I now feel that I do not need to give my entire time to business and will be able to take care of the chairmanship."

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the runs or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits.

ILLIUMNESS—SICK HEADACHE, call for an NR Tablet, (a vegetable compound) to tone and strengthen the organs of digestion and elimination. Improves Appetite, Relieves Constipation.

BRITTON WINS FROM TED LEWIS ON POINTS

Also Fight With Tongues as Well as Fists—Britton Swings of Lewis's Manager.

NEW YORK, Feb. 7.—Jack Britton, the world's welter-weight champion, cleverly defended his title against Ted Lewis, who claims the English championship in a 15-round bout at the Madison Square Garden tonight.

The judges agreed on Britton as the winner.

The men weighed in at 145 pounds. Both were in excellent condition. Lewis had the better of the exchanges in the first two rounds during which both contestants battled with their tongues as well as with their gloved fists.

Britton protested against Lewis having a rubber protector in his mouth to guard his teeth. When the bell ad separated the men at the end of the second round some one in Lewis' corner shouted at Britton, who turned quickly and rushed back to Lewis' corner, sending his gloved left hand into the face of Charley Harvey, Lewis' manager. Lewis took a swing at Britton almost at the same moment and it looked for a time as if there was going to be a free-for-all fight in the corner.

Referee Dick Nugent of Buffalo, stepped toward the men, who by this time had been separated by their handlers and Britton returned to his own corner. One of the boxing commissioners, who was at the ringside, decided that Lewis had a right to wear the rubber guard and there was no more quibbling on this point. From the beginning of the third round the champion got his clever left hand working in good shape and he kept jabbing and hooking it into Lewis' face, occasionally mixing these blows with rights to the head or to the stomach.

Lewis seemed unable to avoid Britton's baffling left hand in every round thereafter except the tenth, during which he managed to land two telling lefts and a right swing on Britton's head. This round was about even and with the exception of the first two Britton had the honors in all the others.

SCHOOL BOARD TALKED OVER BOND QUESTION

A regular meeting of the board of education was held Monday night with J. P. Lippincott presiding. The session's were devoted largely to the discussion of the bond question. It will be remembered that no bids were filed for the \$125,000 worth of bonds the board was authorized to issue. It was explained at the time that no bid was made because the board had reserved the privilege of calling the bonds at any time. From the statements made last night it appears that bond houses are ready to purchase the bonds if the board will sell them at a discount of about 3 per cent. It will be possible for the board to sell at a discount or to hold another election and provide for a specific time that the bonds shall run.

A decision in the question was not reached at this session. Various matters relating to the new high school building were considered and it was decided to have Fire Chief Hunt inspect the building as to fire conditions.

The monthly report of Supt. Perrin was presented. A monthly enrollment of 2180 was shown, with an average daily attendance of 1878. The figures showed 266 professional visits from school or agency sources, with reference to health matters. Two cases were reported to the juvenile court.

SECRETARY BAKER ORDERS CESSATION OF ARMY RECRUITING

His Order Follows Over-riding of President's Veto

NINE MONTHS NEEDED TO REDUCE ARMY

WASHINGTON, Feb. 7.—Complete cessation of army recruiting was ordered tonight by Secretary Baker in accordance with the direction with congress as embodied in a joint resolution passed over the veto of President Wilson.

The war secretary's order stop recruiting thru orders sent all recruiting officers within a few hours after congress had completed adoption of the resolution which directs cessation of all recruiting until the army is reduced to 175,000 men. Beginning tomorrow no recruits will be accepted for the army except those who have served one or more enlistment periods.

Army officers have estimated that it will require nine months or until next November 1 to reduce the army from the present more than 213,000 enlisted men strength to the 175,000 figure. The army's appropriation bill up for passage tomorrow in the house, however, provides maintenance for only 150,000 men after next July 1, and should it be enacted in that form the reduction process will have to be carried beyond November 1. Recruiting for the last few weeks has averaged about 1,000 men a day.

"CAPPY RICKS" STAGED AT THE GRAND

A large audience greeted "Cappy Ricks," presented at the Grand Opera house last night. This is an Oliver Morosco production and has the finish that goes with a play from such a source. Comedy and romance are mingled in the three acts and the audience last night found Mr. Freson and his supporting company entirely capable. It was a benefit entertainment given under the auspices of the Jacksonville post of the American Legion and was entirely satisfactory production. "Cappy Ricks" had a long Chicago run, and the popularity of the play is not surprising.

WOMAN MAKES ESCAPE FROM STATE HOSPITAL

POLICE SEEK MABEL AUSTIN WHO MADE GET AWAY

Greene County Woman Freed On Murder Charge Was Adjudged Insane—Friends May Have Planned Escape.

Mabel Austin has escaped from Jacksonville State Hospital and is being sought by authorities in several cities. The woman shot and killed Mrs. Eunice Wayman of White Hall a year or so ago but was cleared in a Greene county circuit court trial at Carrollton. Subsequently she was committed to Jacksonville State Hospital. Insanity was the plea made for defense. The sheriff's

office and police department were notified by the hospital authorities and notice has been sent to other cities.

No certain facts concerning the woman's disappearance are known, but the story was circulated yesterday that when the patient left the hospital grounds she stepped into a waiting automobile.

Whether or not this is true, there is evidence that the get away was planned and that the Greene county woman had friends who assisted in the plot to accomplish her escape. An effort was made at the November term of circuit court on habeas corpus proceedings to bring about her release. After hearing the evidence at that time Judge Smith remanded Mrs. Austin to the custody of the insane hospital.

MARIONETTES COME HIGHLY RECOMMENDED

Lillian Owen's Marionettes, which Laurence Clarke presents Tuesday, Feb. 15, at David Prince Gym under the auspices of the Rotary club for the benefit of the Morelosa Camp Cottage, come highly recommended by articles and criticisms in leading periodicals and newspapers, such as The Theater Magazine, Current Opinion, The Century, and The Literary Digest.

The following excerpt from the Cleveland Topics is a reprint taken from The Literary Digest of May 17, 1919: "Miss Lillian Owen has shown herself a rare artist in painting the landscape and the palaces of the mimic play in dressing the various royalties, and even better still, in putting arms and legs and heads on them, and bringing them to the point where a twitch of the controlling wires or strings brought the puppets to life."

Mrs. Comstock Tells How Cuticura Healed Child's Eczema

"My little daughter had eczema when she was eighteen months old. The eruptions on her face were large and red and feasted and scaled over with a black scale. There were small, watery pules on her scalp which turned to a soft white scale. She was terribly disfigured and restless at night. I began using Cuticura Soap and it was a great help, but not until I began using Cuticura Ointment, together with the Cuticura Soap, did the eruptions entirely leave. She was healed." HENRY VANNIER'S LIFE JOURNEY CLOSED

Death of Well Known Scott County Man Occurred Sunday Morning.

Henry Vannier, well known to people of Morgan and Scott counties, died at 11:15 o'clock Sunday morning at the residence of his daughter, Mrs. Howard McCullough. The deceased was born June 27, 1856, at Neeleyville, and resided there the greater part of his life. March 7, 1871, he was married to Miss Mary Poole of Chapin. Two children were born to them and survive their father. They are Mrs. Howard McCullough of Riggston and Arthur Vannier of this city.

Mr. Vannier was successful in farming and other business in which he was engaged and was accounted one of the wealthy men of Scott county. He was a man of excellent character and held in high esteem by all who knew him.

The funeral service will be held from the McCullough residence at 11 o'clock tomorrow morning, in charge of Rev. W. D. Cochran.

Deaths

Hardy.
Funeral services for Mrs. Clara E. Hardy will be held at Central Christian church here today, in charge of Rev. L. R. Cronkrite, pastor of the Lynnville Christian church. Interment will be in Diamond Grove cemetery.

Mrs. Hardy's death occurred at 2 o'clock Sunday morning at Passavant hospital. The decedent, who before her marriage was Miss Clara Emma Seegar, was born in Jacksonville, August 24, 1872, and while she was still a child the family home was changed to Woodson. In later years she became a resident of South Jacksonville. Her marriage to Walter T. Hardy took place in this city in 1898. Her husband survives together with her father, James W. Seegar, and two brothers, Fred Seegar of Jacksonville and Arthur L. Seegar of Decatur.

The deceased became a member of the Christian church in this city in 1899. Afterward she was an active worker in the Berea church and while her home was in Lynnville she was a worker in various departments of the Christian church there. Thru the years Mrs. Hardy lived faithfully and her death has brought great sorrow to the members of her family and to many friends.

BAD FIRE LOSS SUNDAY NIGHT

Two Barns Destroyed on Applebee Farm—Auburn Car Burned.

Dr. A. B. Applebee suffered a considerable fire loss late Sunday night when two barns at the Applebee farm home just north-west of the city were destroyed. The loss also includes an Auburn automobile and 200 bushels of corn. The loss is only partially covered by insurance.

There is really no settled theory as to the cause of the fire. There is a tenant house on the farm, at present unoccupied, and the two barns were just to the north. The flames had gained such headway before discovery that it was not possible to remove the car. A fire department truck went to the end of the pavement but as the fire was fully one-half mile from a water plug the journey was not continued.

CEREBRAL HEMORRHAGE CAUSED JOHN KING DEATH

The funeral services for the late John W. King will be held Wednesday afternoon at 2:30 o'clock at the Reynolds Mortuary. Interment will be in Jacksonville cemetery. Coroner Rose empaneled a jury to inquire into the death of Mr. King, who passed away suddenly Friday night. The jury met Sunday afternoon and the verdict was that death came as the result of a cerebral hemorrhage. The jury included J. W. Muse, foreman; Sherman Spencer, W. B. Briscoe, F. C. Muse, Jerome Rollins, and Charles Starks, clerk.

Frank Kirk, a brother-in-law, arrived yesterday from Wheeling, West Virginia, and Carl King, the son, from Decatur, also came to attend the funeral service.

PUBLIC SCHOOLS THEME AT FORUM SESSION

President McConaughy of Knox college was the speaker at the Congregational forum Sunday night and was heard by an interested audience. His theme was "Are Public Schools a Failure?" President McConaughy discussed many of the strong points of the public school system and some of its defects.

A large part of his address dealt with the general subject of education and he dwelt particularly upon the fact that mental training is by no means the most important thing and that unless character building goes along with education that it is really a dangerous thing.

SUNDAY SCHOOL CONFERENCE TODAY

The conference arranged for county, township and district officers of Sunday schools will be held this morning and afternoon. The conference will begin at 9 o'clock and close at 4:15. The addresses will be made by George Burney, general state superintendent of Sunday school work; Miss Weaver, state superintendent of young people's work.

Ed Young has leased his farm, near Nortonville, and has rented a residence property on South East street. He expects to move here with his family in the near future.

PRETTY WEDDING AT ARENZVILLE CHURCH

Miss Alma C. Wessler is Bride of Albert E. Witte — Young People Will Reside on Farm West of Arenzville.

The marriage of Miss Alma C. Wessler and Mr. Albert E. Witte was solemnized Sunday evening at the Evangelical Lutheran Trinity church in Arenzville. Rev. E. F. Tonn speaking the words that made the young people one.

Promptly at 6 o'clock the couple entered the church as the strains of the wedding march sounded, played by Mr. William Burmeister. The beautiful ring service was used, little Norma Natameyer of Beardstown acting as ring bearer.

The bridemaids were Miss Lena Wessler, sister of the bride, and Miss Martha Wessler of Jacksonville, and the groom was attended by Harold and Albert Wessler.

The bride wore a charming gown of white satin with pearl trimmings. She wore a bridal veil and carried a bouquet of roses. The bridesmaids wore attired in dainty gowns of pink satin and carried carnations.

Following the ceremony a reception was given at the home of the bride's parents, Mr. and Mrs. Henry Wessler. The home was beautifully decorated, the color scheme being pink and white, these colors predominating all thru the house.

The bride is the daughter of recipients of a large number of very beautiful gifts, attesting the esteem in which they are held.

The bride is the daughter of Mr. and Mrs. Henry Wessler and is a young woman of charming manner. She is among the most popular young women of her home community and has been very active in church and social circles there.

The groom is the son of Charles Witte and is a capable and industrious young man, well worthy of the bride he has won.

The young people left early Monday morning for a brief wedding trip to St. Louis. After March 1 they will be at home to their many friends on a farm three miles west of Arenzville. They begin their wedded life under most happy auspices.

MATRIMONIAL

Richards-Asher.
Herbert Richards and Sarah Asher, both of this city were married in Davenport, Iowa, yesterday afternoon. The young people are both well known in the city having lived here for some time.

The bride is the daughter of Mr. and Mrs. R. F. Asher and they reside on East College avenue. She has been a valued employee of the Capps woolen mills until recently.

Mr. Richards is the son of Mr. and Mrs. M. H. Richards and holds the position of business house deliveryman for the American Railway express. The couple will reside in this city where they have many friends.

Robinson-Dodsworth.
George W. Robinson and Miss Frances Bernice Dodsworth were united in marriage at 7 o'clock Monday evening. The ceremony was said at the rectory of the Church of Our Savior by the Rev. Father Formaz. The attendants were: Mr. and Mrs. J. D. Robinson.

Following the ceremony a two course wedding supper was served at the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. R. W. Dodsworth of South East street. She was educated in the public schools of the city and recently has been employed at the store of F. J. Waddell and company. Mrs. Robinson is a young woman of much personal charm and held in high regard in a wide circle of friends.

The groom is the son of Mr. and Mrs. John R. Robinson residing southeast of the city. He was educated in the parochial schools and is engaged in farming. During the world war he served in the United States forces for eleven months, nine of which were spent overseas.

Mr. and Mrs. Robinson left Monday evening for a brief wedding trip after which they will reside on a farm east of the city.

AT WESTMINSTER CHURCH

A moving picture machine and stereopticon which Westminster church people are considering was used for the Sunday evening service. The film story of Blind Bartimeus was presented. It was a 15 minute reel presenting the well known Biblical story and genuinely interested the large audience present. Dr. Thomas Smith, pastor of the church, had a strong sermon which was interwoven into the truths that the pictures had already impressed. Mrs. Helen Brown Read sang and thruout it was a very inspirational service. There are said to be 2600 churches in the U. S. now using moving picture machines as part of the regular church equipment. If the purchase is made at Westminster pictures will probably be used in the Sunday night services about twice monthly.

DR. WILLERTON GOES TO ARIZONA

Dr. Thomas Willerton left last night for Tucson, Arizona where he will spend some time visiting his wife and daughter who are now in that city. His daughter's health is much improved since going to Arizona.

He was the father of the late James O. Vossler for many years a resident of this city.

A RAW, SORE THROAT

Eases Quickly When You
Apply a Little Musterole.

And Musterole won't blister like
the old-fashioned mustard plaster.
It penetrates to the sore spot with a
gentle tingle, loosens the congestion
and draws out the soreness and pain.

Musterole is a clean, white ointment
made with oil of mustard. It is
fine for quick relief from sore
throat, bronchitis, tonsillitis, croup,
stiff neck, asthma, neuralgia, headache,
congestion, pleurisy, rheumatism, lumbago,
pains and aches of the back or
joints, sprains, sore muscles, bruises, chilblains,
frost-bitten feet, colds on the chest.
Nothing like Musterole for croupy children.
Keep it handy for instant use.

Famous Old Recipe
for Cough Syrup

Easily and cheaply made at home,
but it beats them all for
quick results.

Thousands of housewives
found that they can save two-thirds
of the money usually spent for
preparations, by using this
known old recipe for making
cough syrup. It is simple and cheap
but has no equal for prompt results.
It takes right hold of a cough and gives
immediate relief, usually stopping
ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from
any druggist, pour it into a pint bottle
and add plain granulated sugar
to make a full pint. If you prefer
use clarified molasses, honey, or
syrup, instead of sugar syrup. Stir
well, it tastes good, keeps perfectly
and lasts a family a long time.

It's truly astonishing how quickly
it acts, penetrating through every
passage of the throat and lungs—
loosens and raises the phlegm
scooties and heals the membranes,
and gradually but surely the annoying
throat tickle and dreaded cough
disappear entirely. Nothing better
for bronchitis, spasmodic croup, hoarseness
or bronchial asthma.

Pinex is a special and highly
concentrated compound of genuine
Norway pine extract known the world over
for its healing effect on membranes.
Avoid disappointment by asking
your druggist for "2½ ounces
Pinex" with full directions and don't
accept anything else. Guaranteed to
give absolute satisfaction or money
promptly refunded. The Pinex Co.,
St. Wayne, Ind.

DEAR OLD PETE:

Winston-Salem, N. C. •
Friday p. m.

Just wound up the one swellest day of
my life! Since early this morning, when I
got an invitation to visit R. J. Reynolds
Tobacco Co. factories, I've been in the
midst of millions of Camel cigarettes.

Man—the happiest idea you or I ever
had as to the size of this Reynolds enterprise,
or the number of Camels manufactured
daily, is simply piker-stuff! Wipe
off the slate and start fresh! Why—Pete,
it seemed to me like a couple of those cigarette-making
machines could keep half the
nation smoking Camels steadily—BUT—
honest to goodness, there are hundreds of
these machines bating out Camels at the
rate of 27,000 an hour—EACH!

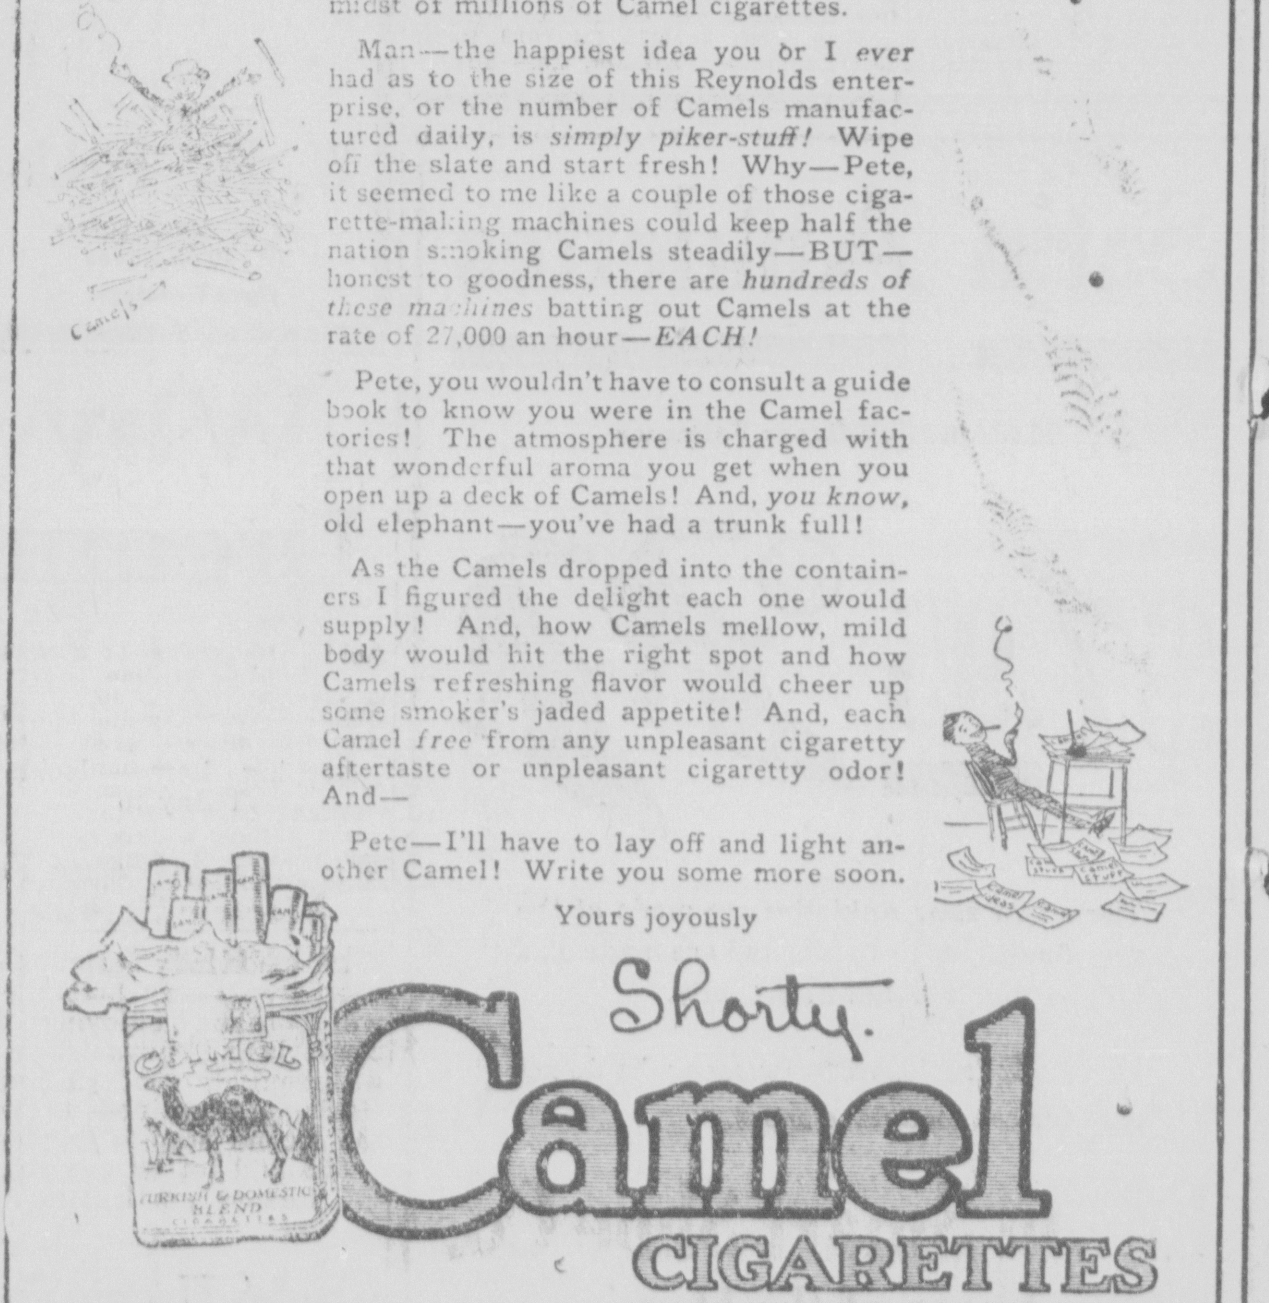

Pete, you wouldn't have to consult a guide
book to know you were in the Camel
factories! The atmosphere is charged with
that wonderful aroma you get when you
open up a deck of Camels! And, you know,
old elephant—you've had a trunk full!

As the Camels dropped into the containers
I figured the delight each one would
supply! And, how Camels mellow, mild
body would hit the right spot and how
Camels refreshing flavor would cheer up
some smoker's jaded appetite! And, each
Camel free from any unpleasant cigarette
aftertaste or unpleasant cigarette odor!

Pete—I'll have to lay off and light another
Camel! Write you some more soon.

Yours joyously

28 Idle Hens Now
Lay 27 Eggs A Day

And This Was in Cold Winter
Weather. Plan Is Simple.

"I fed Don Sung to my 28 hens that
were not laying. But they are laying
now a record as high as 27 eggs a day
and never less than 22."—Mrs. Jennie
Davidson, Yates Center, Kan.

Mrs. Davidson wrote
this letter in February.
Figure her profit on two
dozen eggs a day from
home that wouldn't lay.
We'll make you the same
offer we made her. Here
it is.

Give your hens Don Sung and watch
results for one month. If you don't find
that it pays for itself and pays you a
good profit besides, simply tell us and
your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is
a scientific tonic and conditioner. It is
easily given in the feed, improves the
hen's health and makes her stronger and
more active. It tones up the egg-laying
organs, and gets the eggs, no matter
how cold or wet the weather.

You can obtain Don Sung from your
druggist or poultry remedy dealer, or
send \$2.00 (includes express) for a
pint jar by mail. Burrell-Dugger Co.,

CASE COMMITTEE MET

The Case committee of the Social Service League held an interesting meeting in the league rooms yesterday afternoon at three o'clock. There was a large attendance, representatives from nearly all the churches and the other organizations which the case committee represents, being present. Reports were made which showed great progress in the work which is being done in the city. Various families are being taken care of and there were several particular cases reported and an explanation given of what is being done to meet the various situations brought to the notice of the social service workers.

ALL TIRED OUT
Hundreds More in Jacksonville in the Same Plight.

Tired all the time; Weary and worn out night and day; Back aches; head aches; Your kidneys are probably weakened.

You should help them at their work. Let one who knows tell you how.

Amos May, prop. barber shop, N. Main St., Jacksonville, says: "I suffered a lot with kidney trouble and at times my back pained terribly. It was all I could do to get through shaving my customers. The trouble seemed to affect my heart and caused shortness of breath. I felt tired out and some one suggested Doan's Kidney Pills. They weren't long in bringing relief and after I had taken three boxes, I was feeling well and I haven't been troubled since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. May had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

28 Idle Hens Now Lay 27 Eggs A Day

And This Was in Cold Winter Weather. Plan is Simple.

"I fed Don Sung to my 28 hens that were not laying. But they are laying now. I receive as high as 27 eggs a day and never less than 22."—Mrs. Jennie Davidson, Yates Center, Kan.

Mrs. Davidson wrote this letter in February. Figure her profit on two dozen eggs a day from one hen that "wouldn't lay."

We'll make you the same offer we made her. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded. Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes warranty) for a pound to—

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole.

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest.

Nothing like Musterole for croupy children. Keep it handy for instant use.

35c and 65c jars; hospital size \$3.00.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives find that they can save two-thirds of the money usually spent for cough preparations, by using this famous old recipe for making cough syrup. It is simple and cheap but has no equal for prompt results.

Takes right hold of a rough and ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle and add plain granulated sugar to make a full pint. If you prefer use clarified molasses, honey, or syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly and lasts a family a long time.

It's truly astonishing how on its passage of the throat and lungs, it soothes and heals the phlegm, gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract known the world over for its healing effect on membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

DEAR OLD PETE:

Winston-Salem, N. C.
Friday p. m.

Just wound up the one swellest day of my life! Since early this morning, when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes.

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply piker-stuff! Wipe off the slate and start fresh! Why—Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are hundreds of these machines batting out Camels at the rate of 27,000 an hour—EACH!

Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is charged with that wonderful aroma you get when you open up a deck of Camels! And, you know, old elephant—you've had a trunk full!

As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel free from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor!

And—

Pete—I'll have to lay off and light another Camel! Write you some more soon.

Yours joyously

SEED CORN—We have a wonder-
ful season at Mason City this
year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
early in the fall and placed on
drying racks when it is very
slowly dried down to twelve or
fourteen percent moisture con-
tent. This gives corn of very
high vitality. We have been in
the seed corn business in a large
way for over thirteen years and
have the largest and best
equipped drying plant in the
world. Our down town plant
is in the center of Mason City,
right on the hard road between
Springfield and Peoria. It is
well worth a trip to Mason City
to see this corn. Price is only
\$3.50 per bushel. Write for
beautifully illustrated cata-
logue. Box 44.

FORMER RESIDENT DIES IN CHICAGO

Mrs. G. Renner Passed Away There Sunday—Spent Most of Life in This City.

The death of Mrs. G. Renner occurred at the home of her son and daughter, Mr. and Mrs. Nelson Doty, in Chicago, Sunday according to a telegram received by her son, Albert Renner, of this city. The deceased was born in St. Louis in 1848 and after her marriage to her late husband, Gottlieb Renner, came to this city in 1885. Jacksonville was Mrs. Renner's home until 1913, when she went to Chicago to be with her daughter.

Mrs. Renner was devoted to her family and home thru all the years and lived an earnest Christian life. Surviving are two daughters, Miss Lillian Renner of this city, Mrs. Nelson Doty of Chicago, and three sons, Albert Renner of Jacksonville, Edward and George Renner of Chicago. The funeral will be held in that city Wednesday.

WOODSON'S FATHER AND SON BANQUET

Next Friday at 7 p. m., every boy over 9 years of age is invited to bring his father with him to a Father and Son's Banquet at the Christian church. This is a community affair, and we want you to come whether a church member or not. If you are a boy without a father living, bring a man friend anyway; and if you are a father not having a boy, adopt one for the evening. Come anyway and be as welcome as the next fellow. There will be a fine banquet, good program free to all fathers and sons of Woodson Community.

CIRCUIT COURT IS NOW IN SESSION HERE

Judge Burton Presiding During February Term—No Jury Cases Will Be Heard.

Judge F. W. Burton of Carlinville came to Jacksonville Monday and convened the February term of the circuit court in the afternoon. No jury cases are to be held at this term, and in fact, no docket was set, but a number of hearings were held. The court entered orders in a number of cases Monday. The O'Connell murder case which came to Morgan county on change of venue from Brown county was continued until the next term, as there will be no jury for this term.

In the assumpsit suit of the Grain Supply Co. of Neeleyville vs. James E. Bennett & Co. motion was made asking that the defendant file a more specific bill of particulars.

The trespass suit of Charles Serenco vs. Charles Olinger was dismissed. This was a case from Franklin.

Judgment for \$1,494.60 was entered against Oswald Wardle in suit brought against him by the Norbury Sanatorium Co. The defendant did not appear.

Leave was given the plaintiff to redocket the case based on objections to the final report of the estate of Ellen Chapin. This case was remanded from the appellate court.

In the habeas corpus proceedings brought by D. J. Staley on behalf of Laura Hedrick and directed against Dr. E. L. Hill as managing officer of Jacksonville State hospital, a writ was ordered to issue and it requires that the petitioner in person be brought before the court Thursday at 1:30 p. m.

Chancery.

In the bill of John C. Goltra vs. Marcus Hook, the report of the trustees was approved.

The current report of the trustee under the will of Eliza C. Adams was approved and order made that hereafter the trustee shall report from time to time as ordered by the court, the cause being stricken with leave to restate.

A like order was entered in the estate of Anna Fortney on petition to appoint successor to trustee.

Another order of like import was made in the suit of Lucinda G. Kirby, as executrix vs. Annabelle M. Ferris et al.

In the partition proceedings of Clara Campbell vs. William Campbell, the masters report was approved and an order of distribution made.

The master's report was approved in the partition suit of Reon Overby vs. Lucy McKerral et al.

Master's report of sale in the partition proceedings of Mary E. Cully vs. Emlin D. Cully was approved and distribution ordered.

The master's report in the foreclosure suit of A. J. Leslie vs. Sallie Chance showed a deficiency of \$161.10 and was approved.

The master's report of sale of real estate in the Trotter estate was approved.

In the report of the partition proceedings of Mary E. Cully vs. Emlin D. Cully was approved and distribution ordered.

The master's report in the foreclosure suit of A. J. Leslie vs. Sallie Chance showed a deficiency of \$161.10 and was approved.

The master's report of sale of real estate in the Trotter estate was approved.

Entertained at Dinner.

Mrs. John W. Taylor entertained a number of people at dinner Sunday at her home near Lynnville in honor of her granddaughter, Miss Hildreth Watson's birthday. A three course dinner was served at noon and the day greatly enjoyed. Those out of town present were Mr. and Mrs. J. H. Gill of Jacksonville, Lloyd Daughman and Russell Winn of Franklin.

Club Members Met.

The Central Point Good Time club met Saturday afternoon at the home of Misses Iva and Mabel Winter in Murrayville. During the afternoon progressive ruck was played, and other games and music were also enjoyed. Dainty refreshments were served by the hostesses. Those present were Misses Dorothy Taylor, Dorothy and Helen Rea, Rowena Megginson, Iva and Mabel Winter.

Entertained for Miss Moore.

Miss Lilla Skinner of the faculty of Illinois Woman's college gave a tea Monday afternoon to honor Miss Clara Catherine Moore, whose marriage to Mr. Nolas of Springfield is to be solemnized Feb. 17. Miss Skinner had arranged details in a way which gave proof of most generous hospitality and the tea was one of the most delightful of the series of social events given for Miss Moore.

Helen Rawlings' Chapter Meeting.

A meeting of the Helen Rawlings Chapter World Wide Guild of the First Baptist church, was held last evening at the home of Miss Louise Guyette on South Church street. The members of the chapter are studying the book called, "Serving the Neighborhood" and the leader of last night's meeting was Miss Mabel Withee.

The chapter for the evening was on the subject of "Home Making" and the discussion by Miss Withee and several other members was very interesting. The universal interest attached to this subject made the evening's discussion especially enjoyable.

After a short business meeting a delightful social hour was enjoyed and dainty refreshments were served by the hostess.

College Hill Club Studies Australia.

The College Hill club met yesterday afternoon with Mrs. C. H. Smith at her home on Westminster street. Mrs. H. W. English had an excellent paper on "Australia."

Mrs. English gave a clear summary of the interesting points about the island. She told of the early tribes and of the later settlement of the white man who drove the natives from their haunts. The speaker also told of the present government and of its many progressive measures.

Australia stands out in the world in the matter of modern social legislation. Mrs. Smith also took up the natural resources of the country and told about the flowers, birds and animals which inhabit the island. Many of the animals and birds are not found in any other country.

The afternoon proved an especially interesting one and after the program the members enjoyed a pleasant social hour.

Social Events

Suprise Party Given For Mr. and Mrs. Phillips

About thirty friends of Mr. and Mrs. William Phillips of the Clark's chapel neighborhood surprised them Saturday evening. The evening was pleasantly spent with games and music and later delicious refreshments were served.

Entertained at Dinner.

Mrs. Thos. Dettner entertained the Friday Bridge club at her home on South Clay avenue, last evening. The guests were the club members and their husbands. There were three tables of bridge and the evening was pleasantly spent in playing cards. At a late hour the hostess served dainty refreshments.

Entertained at Dinner.

Mrs. John W. Taylor entertained a number of people at dinner Sunday at her home near Lynnville in honor of her granddaughter, Miss Hildreth Watson's birthday. A three course dinner was served at noon and the day greatly enjoyed. Those out of town present were Mr. and Mrs. J. H. Gill of Jacksonville, Lloyd Daughman and Russell Winn of Franklin.

Club Members Met.

The Central Point Good Time club met Saturday afternoon at the home of Misses Iva and Mabel Winter in Murrayville. During the afternoon progressive ruck was played, and other games and music were also enjoyed. Dainty refreshments were served by the hostesses. Those present were Misses Dorothy Taylor, Dorothy and Helen Rea, Rowena Megginson, Iva and Mabel Winter.

Entertained for Miss Moore.

Miss Lilla Skinner of the faculty of Illinois Woman's college gave a tea Monday afternoon to honor Miss Clara Catherine Moore, whose marriage to Mr. Nolas of Springfield is to be solemnized Feb. 17. Miss Skinner had arranged details in a way which gave proof of most generous hospitality and the tea was one of the most delightful of the series of social events given for Miss Moore.

Helen Rawlings' Chapter Meeting.

A meeting of the Helen Rawlings Chapter World Wide Guild of the First Baptist church, was held last evening at the home of Miss Louise Guyette on South Church street. The members of the chapter are studying the book called, "Serving the Neighborhood" and the leader of last night's meeting was Miss Mabel Withee.

The chapter for the evening was on the subject of "Home Making" and the discussion by Miss Withee and several other members was very interesting. The universal interest attached to this subject made the evening's discussion especially enjoyable.

After a short business meeting a delightful social hour was enjoyed and dainty refreshments were served by the hostess.

College Hill Club Studies Australia.

The College Hill club met yesterday afternoon with Mrs. C. H. Smith at her home on Westminster street. Mrs. H. W. English had an excellent paper on "Australia."

Mrs. English gave a clear summary of the interesting points about the island. She told of the early tribes and of the later settlement of the white man who drove the natives from their haunts. The speaker also told of the present government and of its many progressive measures.

Australia stands out in the world in the matter of modern social legislation. Mrs. Smith also took up the natural resources of the country and told about the flowers, birds and animals which inhabit the island. Many of the animals and birds are not found in any other country.

The afternoon proved an especially interesting one and after the program the members enjoyed a pleasant social hour.

BRIEF SESSION IS HELD BY COUNCIL

Body Meets at 7:30 and Adjourns 8 O'clock—Contract Awarded for Self Stokers for Light Plant Boilers.

The city council held a brief session Monday evening. The body convened at 7:30 and adjournment was taken at 8 o'clock. A number of matters were given attention, however. The contract for installing self-stokers on the light plant boilers at the new south end station was awarded to the Illinois Stoker company for the sum of \$3,260.

The council also voted to co-operate with the promoters of the Automobile show to be held in March and to furnish police and fire protection. The committee to which was referred to the ordinance for licensing gasoline and oil filling stations was granted further time.

Roll call showed all members present, except Ald. Cain and Ebnie, Mayor Crabtree, presiding. Ald. Cain came in later and took his place in the council.

The minutes of the last regular meeting were read and approved. The bond of Mason Henderson, motorcycle policeman, in the sum of \$500 with Edward Hopper and Joseph Estaque as sureties, was presented and approved.

Claims against the city were presented and all those properly approved were ordered paid.

Officers Reports.

The following officers reports were presented and received and placed on file.

Ald. Williamson called attention to many bad places in dirt streets at the present time. Ald. Moore spoke of bad places in East State street, near the Letton alley and in front of the Larimore residence.

Ald. Moore also called attention to a quantity of rotten apples which were in the rear of the Cannon Produce company Saturday. He also called attention to complaints that had been made of the Economy store in West State street blocking the sidewalk with goods. This matter was referred to the police department to see that the ordinance is obeyed.

Contract for Stokers.

Ald. Chapin, chairman of the water and light committee, to whom had been referred the bids for self-stokers recommended that the bid of the Illinois stoker company in the sum of \$3,260 be accepted and a motion to this effect was carried. Before the vote was taken Ald. Cain came in and took his place in the council.

Ald. Cain, a member of the committee appointed to confer with the water and light committee, providing for the licensing of gasoline and oil filling stations asked for further time which was granted.

Ald. Moore called attention to the poor heating of the city building, especially the fire department since the installation of the new boiler. He thought that it should be fixed so it would heat properly.

G. F. Stoldt, superintendent of the light plant, explained the failure of the boiler to heat. Mr. Stoldt said the pipes under the fire department were so low that the water would not return. This would have to be remedied before the boiler would work satisfactorily. The matter was referred to the public improvement committee with power to act.

Endorsement Show.

J. C. Berger spoke of the automobile show to be held in March. L. P. O'Donnell also told the council that the dealers expected to ask merchants to join with them in displays. He also asked if the city would not furnish police protection and also fire protection.

On motion of Ald. Cain seconded by Ald. McGinnis, the council endorsed the automobile show and pledged the body to assist in every way possible to make it a success and to furnish the necessary police and fire protection.

No further business appearing the council on motion adjourned.
